

## **Prayer –Corona virus**

Heavenly Father, in these trying days we humbly seek your guidance, wisdom, protection and help in regards to the COVID-19 pandemic.

That you, would grant speedy recovery to those inflicted with the virus and protection to those who have not come into contact with it.

We admit to you, O Lord that you are the only authority and power to see us through this situation,

for we are mere mortal people totally reliant on you and you alone,

as your Son Jesus taught us, look to your Heavenly Father above for all things and it will be granted onto you.

So, Merciful Father, we trust in you and the words of your dear Son Jesus to look after us in this time and every time.

In Jesus name we pray.

Amen.
